GREAT BRITAIN AND FRANCE IN AFRICA.

LONDON, February 21st. The Press regards the situation in West Africa as very grave, and agrees that the limits of British forbestance have been reached. February was 23.4 per 1,000 as compared with Reuter's Agency wires from Akassa (at the. mouth of the Niger) that two French expeditions are advancing on Sokoto, that the Sultan has ordered them to halt forty miles from the capital, and that the Niger Company's forces are ready and awaiting instructions to advance to the assistance of the Sultan and to secure the evacuation of British territory.

Supplementary Army Estimates bring the total

The jury came to the conclusion that the signatures on the promissory notes and letters of authority were not in the handwriting of Sir Tatton and the Lord Chief Justice in accordance with these findings gave judgment for the delendant and directed that the incriminating documents should be impounded. Ledy Sykes has left England to escape asrest.

MR. Harper, of the Stag Hotel, is, we hear, busily making arrangements for another exhiblilon of the "minly art" to be given at the THE Queen will, according to present arrange- City Hall at an early date. The leading feature of the coming show is to be a twenty round contest between the redoubtable Northcott and s Chinaman. John is being imported for the occasion from some seventy miles inland from Canton and is a perfect giant, standing 6it 5? in, in his socks (when he wears any) and measuring 58gin. round the chest. Mr. Harper hopes to have his fathom or so of pugilistic Celestial on view at the City Half within a day or two, when visitors will be able to inspect this local celabrity prior to the contest.

MAJOR Retallick of the Hongkong Regiment delivered an extremely interesting lecture yesterday afternoon at the City Hall under the auspices of the Odd Volumes Society. Lt.-Col. The O'Gorman presided and there was a fair attendance. Major Retailick took for his theme "The Habits and Customs of the Sikhs" and he threw much interesting and curious light on the manners and customs of our swarthy allies. Their creeds, babits, etc., were all dealt with in mort entertaining fashion and the gallant officer paid a high tribute to the Sikh as a fighting man. The lecturer dealt with the pastimes, festivals, etc, of the Sikhs and generally Major Retallick gave a lot of out-of-the-way information regarding our Indian friends. The lecture was well appreciated by all who were present and Major Retallick received a very hearty vote of thanks for his extremly interesting paper.

In its Commercial Notes for the week preceding February 4th, Robs Chronicle says: -The local market is not on the whole in a healthy condition. As regards Cotton, nothing has been dopurchased in October and November enough to meet their requirements for a time. The cotton is now arriving in large quantities, but the milis do not seem to be in a position to take immediate delivery of it, and prices have therefore slightly declined, although the market in America is firm with a slightly higher tendency. Yarns and also Grey Shirtings are fairly active. In Kerosene, sales of American, forward delivery, are reported at a considerable reduction on last quotations; the price of Russian fank oil has been lowered a little and sales have been made of stock. As regards Langkat, as there are no unsold slocks on hand, prices remain unchanged and new supplies are expected in about a week's time. In discussing Japan as an industrial country Mr. Brenan observes that one great obstacle in the way of Japanese industrial progress is that when the superferly of an article or its cheapners has won it a favourable position in trade the desire to lower the standard and produce an interior article is irresistible. Mr. Wong is a Chinese pastor of this Colony and Wong Kok Shan and Wong Kwong are his two sons The work has been compiled by their united efforts, and although it is a prinstaking work it
